Additional Notes:

1. All dollar amounts above are in [US Dollars].
2. **Notional Net Profit** means the notional value that can be attributed to the representative value of the net positions of your Trades for each Trading Period.
3. The **Profit Consistency Rule** applies to all trading activities during the Assessment Period and/or Trading Period. For the purposes of this Schedule. To satisfy the Consistency Rule: (a) if only Assessment Phase 1 (Evaluation) applies then no single trade can account for 50% or more of your total Required Return or total Target Return; or (b) if both Assessment Phase 1 (Evaluation) and Assessment Phase 2 (Verification) applies then no single trade can account for 50% or more of your total Required Return or total Target Return.
4. The **Lot Size Consistency Rule** applies to all trading activities during the Assessment Period and/or Trading Period. For the purposes of this Schedule. To satisfy the Lot Size Consistency Rule your average trade size is used to calculate your trading range. The range is determined by adding 150% to your average trade size to determine the maximum value and subtracting 50% to determine the minimum value.
5. The Assessment Period and Assessment Criteria may comprise either 1 or 2 parts. If it comprises 1 part, then you must satisfy the stated Assessment Criteria within the stated Assessment Period. If it comprises 2 parts, then you must satisfy the requirements of Phase 1 (Evaluation) to be eligible to proceed to Phase 2 (Verification) and you must satisfy the requirements of Phase 2 (Verification) to satisfy the Assessment Criteria for your selected Assessment Program.
6. All Access Fees published in this Schedule of Assessment Programs and Fees are **exclusive** of relevant taxes or other statutory or regulatory costs. You are responsible for paying any such amounts and the Company may withhold or recover such amounts from you in accordance with clause 14.
7. Hedging Between Accounts Definition: Using 2 different trading accounts to open opposing trades on the same instruments with the same lot size at the same time.
8. Single trade rule applicable to volume and profit consistency rules: Regardless of how a trade is split up, it's counted as one entry. For instance, trading 1 lot or splitting it into two 0.5 lots are both considered a single trade.
9. Challenge Fee Refunds: Users shall be eligible to receive a refund equivalent to fifty percent (50%) of the initial challenge fee paid ("First Refund") after receiving their third (3rd) payout. Additionally, users shall be eligible for an additional refund of the remaining fifty percent (50%) of the initial challenge fee paid ("Second Refund") upon receiving their fourth (4th) payout, thereby completing the refund of the entire challenge fee.
